	(Millions of Yen)			
	Net revenues	Operating income	Income before income taxes	Net income attributable to Konami Corporation
Earnings Forecast for the six months ended September 30, 2009	113,900	4,500	4,000	2,200
Results for the six months ended September 30, 2008	146,904	22,844	22,408	11,964

Even though the figures for the consolidated business performance for the six months ended September 30, 2009 were approximate to the projected ones in all segments, net revenues and profits of the consolidated interim results are expected to decrease when compared with the figures corresponding to September 30, 2008, mainly due to factors such as the fact that main titles released by our Digital Entertainment segment for the current fiscal year were not scheduled to be released until the second half of the year while in the same period last year major titles, in particular, *METAL GEAR SOLID 4 GUNS OF THE PATRIOTS*, had already been released.

There are no changes to earnings forecast for the fiscal year ending March 31, 2010 which was announced in the consolidated financial results for the year ended March 31, 2009, and filed with the Securities and Exchange Commission on May 14, 2009.
